В днешната #vatnik супа представяме украинската медийна личност и пропагандистка Диана Панченко (@Panchenko\_X). Тя е най-известна с това, че предаде собствената си държава, разпространявайки пропаганда и дезинформация срещу Зеленски и Украйна в полза на Кремъл.

2/22

Панченко е родена през 1988 г. в Николаевска област в СССР. Учи издателска дейност в Киевския политехнически институт „Игор Сикорски“, а по-късно завършва право в Киевския национален университет „Тарас Шевченко“.

След университета, Диана работи за кратко в новинарския сайт . Между 2010 и 2015 е водеща в KyivTV, но открива истинското си призвание като прокремълска пропагандистка, след като е наета от националния „новинарски канал“ NewsOne.

As I [have already informed](#) you, on August 24, [NewsOne](#) will start in a new format. And on this occasion, the broadcaster decided to join his team six more people: the former presenter [of the shopping mall "Era"](#) [Sergey Chernyshov](#), the leading station [in Europe plus](#) [Maxim Nazarov](#), the former presenter of «1+1» the channel [Tatiana Kravchenko](#), the ex-leading news of the shopping mall "Era Elena Kirik," the former leader of the [shopping mall IKiev](#), [Diana Panchenko](#) and the TV channel.

NewsOne е част от медийната група Novyny, която неофициално е собственост на политика Виктор Медвечук чрез неговия сътрудник Тарас Козак. Медвечук е близък съюзник на Путин, а основната му мисия в Украйна беше да подготви страната да се превърне в марионетна на Русия държава.

### **FSB PAWNS IN UKRAINE CONTINUE DESTABILIZATION ACTIVITIES**

Russia has directed its intelligence services to recruit current and former Ukrainian government officials to prepare to take over the government of Ukraine and to control Ukraine's critical infrastructure with an occupying Russian force. At the heart of this effort are **Taras Kozak** (Kozak) and **Oleh Voloshyn** (Voloshyn), two current Ukrainian Members of Parliament from the party led by Victor Medvedchuk (Medvedchuk), who is already subject to U.S. sanctions for his role in undermining Ukrainian sovereignty in 2014. Medvedchuk maintains close ties with the Kremlin, and also took part in directing these activities.

След това Панченко постепенно се превръща в апологет на руската анексия на Крим и излъчва прокремълски разкази за „сепаратистското движение“ в източна Украйна, ръководено от Русия, като внушава, че то е било предизвикано от украинската държава.

6/22

NewsOne е блокирана през 2021 г. със заповед на Зеленски и Съвета за национална сигурност и отбрана на Украйна заради антиукраински дейности. Това не спира Медведчук и Козак, тъй като те бързо създават друг новинарски канал, First Independent и наемат Панченко за водеща.

**On the evening of February 2, information appeared on the website of the President of Ukraine that Volodymyr Zelensky imposed sanctions against the closest associate of Viktor Medvedchuk and three TV channels 112 Ukraine, NewsOne, Zik. The first to respond to this news violently, and the deputies did not stay away. The first reactions of public persons are further in the material.**

President of Ukraine **Volodymyr Zelenskyy** signed **a decree** that put into effect the decision of the National Security and Defense Council on the introduction of sanctions against the MP from the faction “Opposition Platform For Life” **Taras Kozak**, as well as eight legal entities: these are 112 Ukraine TV channels, NewsOne, Zik, as well as regional broadcasters of the 112 Ukraine channel.

First Independent не просъществува дълго и е спрян само след един час излъчване. След това Панченко се превръща в яростен противник на Зеленски, обвинява правителството в цензура и защитава Медведчук. След като Русия започва пълномащабното си нахлуване

### What was before :

- On February 26, at 18:00 in the satellite and online air of the TV channel "First Independent", bought by the representative of the media group Taras Kozak, began broadcasting.
- The first independent channel was turned off an hour after airing.

Панченко бързо създава канал в YouTube, в който прави репортажи от окупираните от Русия територии. Тя създава мощна прокремълска пропаганда „От Киев до Донбас“, в която представя украинското правителство като главен виновник за войната.

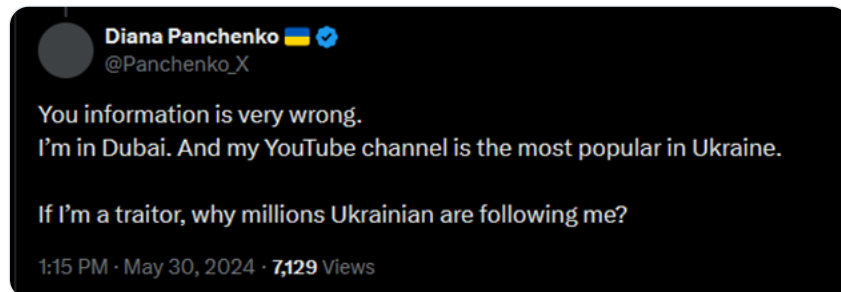

9/22

Панченко вероятно живее известно време в Москва, но в момента живее в Дубай, където продължава да бълва пропаганда и да разпространява дезинформацията на Кремъл.

After Russia's 2022 invasion, Panchenko became a YouTube star reporting from the Russian-occupied territories. From there, she has regularly produced manipulative documentaries justifying Russia's war as an effort to supposedly protect the "beleaguered" residents of Ukraine's Donbas region. Now based in Moscow, she claims that it was not Russia that obliterated the Ukrainian city of Mariupol, but the Ukrainian government and Mariupol's defenders. She has become a modern version of Mildred Gillars—an American also known as Axis Sally who disseminated Nazi propaganda to English-language audiences by radio from Berlin and was later convicted of treason in the United States.

10/22

Преди да извърши предателството, Панченко е изтрила предишната си дейност в Telegram, включително съобщения, в които сравнява Путин с Хитлер и нарича руските войници фашисти.

## **"Russia lost on February 24, having signed a sentence for itself and its adherents"**

The current adept of war and Russian propaganda, Diana Panchenko, wrote back in April last year that she had always dreamed of broadcasting from Ukrainian Donetsk, and Russia, having broken into Ukraine, only signed a sentence for itself and its adherents.

In another of her publications for the same April, she expressed herself like this.

**"Once upon a time, children played war between ours and the Nazis. Now, instead of fascists, there are Russians. Once synonymous with the word "isolation" was North Korea, and today it is Russia. Once the personification of evil was Hitler, and now it is Putin.**

**The tragedy is that in its self-destruction, Russia is killing our people. The best of us die in battle with the dragon.**

**I have always said that I dream of holding a broadcast in our, Ukrainian Donetsk. But I was wrong. Russia is a country that understands only strength. She lost," Diana Panchenko wrote in her deleted publications back in the first months of the war in Ukraine.**

Alexander Lukashenko recently [gave an interview](#) to a pro-Russian propagandist from Ukraine Diana Panchenko.

Previously, she worked on TV channels associated with Putin's godfather [Viktor Medvedchuk](#), and a couple of months after the start of the war in Ukraine, she moved to Russia and began working for Russian propaganda. For this, a criminal case [was opened](#) against her at home.

After leaving Ukraine, Panchenko managed to delete a large number of posts from her Telegram channel. Most of them belonged to the period of February-August 2022, or the first six months of the war.

**We found some of those deleted posts using Tgstat and decided to show them to you. It is noteworthy that the content of these posts could be an excellent reason for the arrest of any ordinary person both in Russia and in Belarus itself.**

If they came to accuse or save you, then they came for power over you.

There are such people. They come up with advice or help when you don't ask. They impose their worldview. Sometimes very aggressive. And there are such countries.

I still couldn't understand how the Russians could believe blind propaganda that we needed to be saved. Before the war, I often criticized the authorities, but this is mine, OUR country. And when our neighbors tell us how to live, it causes rejection. When they come with weapons of anger and hatred.

The empire is built on blood and fear. To maintain an empire, you need to fight, kill, impose. But here's the paradox. There is nothing to impose. Russian propaganda is essentially already meaningless. Except for one stupid, stubborn force. The meaning of evil is to be evil.

In parallel with pain and blood, we become stronger. We realized that we have something to lose. The right to live and do as we want. Feel, breathe.

And it doesn't matter anymore who speaks what language. Who listens to what kind of music? Everything we do now has a new meaning. The fight for the right to be.

Fight is better than fear. That's why we will win. The Empire kills for fear of going into oblivion. We are fighting for freedom, values, life.

Днес тези послания биха ѝ донесли дългогодишен престой в руски затвор, както се случи с руските поети Артьом Камардин и Егор Щовба.

Щом в Кремъл открият висококачествен пропагандист, не се отказват лесно от него. Дори ѝ дават интервю с беларуския диктатор Лукашенко, който естествено обвинява Украйна за войната, като освен това твърди, че Путин няма „имперски стремежи“.

13/22

Панченко редовно цитира собствената си популярност в Youtube, твърдейки, че нейните 1.6 милиона последователи са признание за това, че е права. Според Диана, нейният канал е „най-популярният в Украйна и сред рускоезичната аудитория по света“.

My YouTube channel is the most popular in Ukraine and among Russian-speaking audiences worldwide. I have written a book that will soon be released in the USA. I am determined to amplify my voice and reach a wider audience. By sharing my insights here, I hope to ignite awareness and spark collective action for a better future.

Диана си прави акаунт в X през май 2024 г. и веднага започва тирадите си срещу Зеленски и мирните преговори през 2022 г., които според нея са саботирани от Борис

Джонсън. Преговорите не са саботирани, а Русия е нарушавала почти всички договори с Украйна в миналото.

Putin's statement declaring the Verkhovna Rada and its speaker as the only legitimate power in Ukraine has placed Speaker Stefanchuk in a precarious position, making him a target for everyone

On the one hand, he is seen as the hope for the Ukrainian people, who want to stop the war.

On the other hand, there are Zelenskyy and Yermak, who are definitely determined to hold onto power.

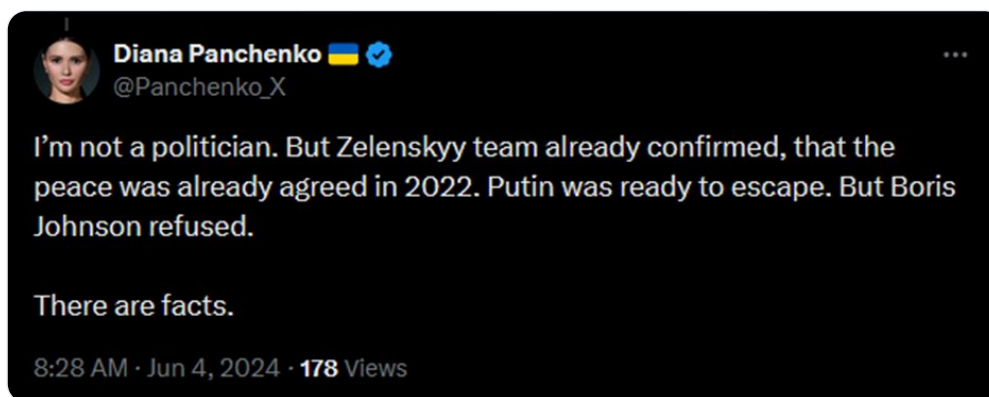

Putin's statement triggers centrifugal processes within the Ukrainian government.

Zelenskyy is already hated in Ukraine by the absolute majority of people.

The power vertical is barely holding up as it is. It seems that these corrupt government have already begun to stagger.

А Диана МНОГО иска да се качи на влака на омразата към Зеленски. Тя се хвали, че е санкционирана от украинския президент, представяйки се за жертва. Наративът ѝ, че Зеленски е „наркоман“, „некомпетентен и корумпиран военен спекулант“ е типичен за руските тролове.

16/22

Тя дори провежда анкета, в която пита за причината за смъртта на пропагандиста Гонсало Лира (когото нарича „журналист“). Но поради това, че анкетата не получи желанието от нея резултат, тя бързо я изтри.

17/22

Вероятната причина, поради която Кремъл смята Панченко за влиятелна пропагандистка, е защото е украинка. Тя постоянно твърди, че „защитава украинския народ“, който според нея е под враждебното ръководство на Киев и неговите западни съюзници.

18/22

Също като колегата си пропагандист Тъкър Карлсън, Диана често говори за „мир“, но забравя да говори за условията за постигане му. Може би бихте могли да отговорите на няколко въпроса, @Panchenko\_X? 1) Путин казва, че Донецка, Херсонска, Луганска и Запорожка област ⬇️

In today's #vatniksoup, I'll talk about what happens if Russia succeeds in their invasion and permanently holds the regions they now control. If this happens, there will be much more pain and suffering - without peace - for the Ukrainians in the future.

Панченко е авторка на книга, която ще излезе и на американския пазар. Може би именно това е причината да реши се появи в X/Twitter и да започне да пише на

английски, като разбира се, не забравя да отбелязва в публикациите си големи акаунти като Тъкър Карлсън и Тим Дилън.

21/22

През 2023 г. СБУ започва разследване срещу Панченко заради пътуването ѝ до окупирания от Русия Донецк, като официално я нарича „прокремълска пропагандистка“. Тя също така е санкционирана с президентски указ.

The screenshot shows the official website of the Security Service of Ukraine (SSU). The header includes the SSU logo, the text 'SECURITY SERVICE OF UKRAINE', and social media icons for Facebook, Telegram, Instagram, Twitter, and YouTube. A search bar and a 'UA' language selector are also present. The navigation menu contains links for 'ABOUT THE SSU', 'SCOPE OF ACTIVITY', 'PRESS-CENTRE', 'FOR THE PUBLIC', 'CONTACTS', and 'SEARCH FOR CAPTIVES'. A helpline number '0 800 501 482' is displayed in the top right corner.

The main content area features a sidebar on the left with the title 'Contacts of the Press-Centre' and links for 'NEWS', 'PHOTO GALLERY', and 'VIDEO GALLERY'. The main article is titled 'SSU collects evidence of high treason committed by Diana Panchenko, former TV presenter at Medvedchuk's channel'. It is dated '12:00, 12 October 2023' and includes two tags: 'State security' and 'Protecting Ukraine together'.

The article text reads: 'The SSU has documented new crimes of the pro-kremlin propagandist Diana Panchenko, who is aiding russia's armed aggression against Ukraine. After working for Viktor Medvedchuk's sanctioned TV channels, she moved to the temporarily occupied Donetsk to continue her information activities for the benefit of the aggressor. The investigation established that from October 2022 to the present, Panchenko, on instructions from moscow, has been assisting russia's military and political leadership in subversive activities against Ukraine.'

В заключение:

Русия използва онлайн пропагандисти с една-единствена цел: да подкопае всякаква подкрепа от Запада за Украйна. Панченко е част от тази добре смазана машина, а това, че е украинка, вероятно ѝ осигурява допълнителна достоверност в очите на аудиторията.
