A four-year battle for control of the Libertarian Party (L.P.) ended Saturday in Reno with a victory for the Mises Caucus at the party's national convention. The faction's chosen candidate for chair of the party's national committee, Angela McArdle, won on the first round of balloting with 692 votes—more than 69 percent of the voting delegates.

Der Paläoliberalismus versucht, Libertäre mit Paläokonservativen zu vereinen. Die letztere Gruppe vertritt Ideen wie den amerikanischen Nationalismus, die christliche Ethik & traditionelle Werte. Es gibt starke Gemeinsamkeiten mit anderen rechtspopulistischen Bewegungen.

scene. As Mother Jones' Tim Murphy [has noted](#), some of this caucus' changes to the party have made it strange bedfellows with the modern GOP:

“

They took concrete steps to disassociate the party from its support of socially liberal policies—rewriting the platform to eliminate the LP's longtime neutrality on abortion, deleting a pledge condemning bigotry as “irrational and repugnant,” and expressing support for the idea of secession. There was a sometimes virulent strain of angry anti-wokeness, and an affinity, at least in some circles, for a more nationalistic identity that rejects the free migration of people.

Statement from The Libertarian Party

by Libertarian Party on February 7, 2023 in Features, Press Release

There has been a lot of discussion about the speakers participating in the Rage Against the War Machine rally taking place on February 19 in DC.

The Libertarian Party is a sponsor of the Rage Against the War Machine event, which was organized by a separate entity of the same name. The organization is a product of a partnership between Nick Brana, Chair of the People's Party, our own Chair Angela McArdle, and many volunteers involved with both parties. Both leaders separately invited speakers from within their own political spheres. Each leader was expected to vet their own invitees.

The Libertarian Party is not the organizer of the speaker list, but an early sponsor of what promises to be the largest anti-war event in recent history. We were excited to put our support behind this event and the message it would carry because of our strong opposition to war and the military-industrial complex which perpetuates it.

Recently, it's come to our attention that a few speakers have made statements in direct opposition to the core thesis of the event.

Let us be clear.
We oppose all wars.
We oppose all states who initiate them.
We are not pro-Putin. We are not pro-Russia.
We oppose Russia's invasion and any initiation of force.

The threat of nuclear devastation is higher than it's been for decades, and the war in Ukraine has led to horrifying death, harm, and destruction for thousands of innocents. War is simply mass murder writ large, and the party's opposition to these crimes has never been in question.

Dieselbe Bande versuchte, eine ähnliche Veranstaltung namens „Defeat the Deep State“ 2024 zu organisieren, aber es interessierte niemanden & die Veranstaltung wurde zuerst verschoben & dann abgesagt. Die Rednerliste war traurig. Angela wurde als Hauptrednerin angepriesen.

Im Mai 2024 wurde bekannt gegeben, dass Donald Trump der Hauptredner des Libertären Jahreskongresses sein wird. Sieht wie ein Teil der MAGA-Republikaner aus, oder? Einige Parteimitglieder protestierten, woraufhin McArdle sie als „eine kleine, laute Fraktion“ bezeichnete.

Libertarians picked Trump to headline their convention. Then an internal revolt erupted.

Some national committee members have called on the party to rescind the invitation to former president Donald Trump.

National committee Chair Angela McArdle told The Post that the dissent has come from “a small, noisy faction,” and the rancor will not change her plans.

“I can certainly understand that there are a handful of people allergic to relevance, afraid to confront their political opposition, afraid of losing control of the narrative,” she said, “but in 50-plus years, the Libertarian Party has never been on the main stage politically, and this is an incredible opportunity for us to bring someone who grabs the spotlight and put them on our stage.”

The Libertarian Party, which has historically endorsed limited government and a free-market economy, would typically clash with some of the ideas behind plans Trump has discussed implementing if he wins a second presidential term, such as possibly deploying the military domestically, expanding tariffs and indemnifying law enforcement.

McArdle macht keinen Hehl aus ihrer Bewunderung für Trump. Sie sagte kürzlich zum Podcaster Austin Petersen, dass „Donald Trump ein viel besserer Mensch & Präsident ist als Joe Biden“. Später erklärte McArdle, sie habe Joe Biden, RFK Jr. & den Rapper Afroman eingeladen.

16/20

Critics of the latest turn in the Libertarian Party, which is now controlled by a faction of the party called the Mises Caucus, said the group has allowed increasingly right-wing policies and ideas to infiltrate the party, such as the move to argue for the security of the southern U.S. border and recent allegations of bigotry. McArdle told podcaster Austin Petersen last week that “Donald Trump is a much better person and president than Joe Biden,” further infuriating those in the party seeking to distance themselves from Trump.

“I think we’re seeing a lot of people who said, ‘Oh, this is going to be turned into the Donald Trump party,’ and they have been feeling like they’ve been proven right,” Oliver said about the rise of right-wing party leadership. “I think it’s up to Libertarians to shout Donald Trump down and to boo him and to give him the reception he deserves to prove them wrong. Otherwise, they’re proven right.”

Trump is courting libertarians. It's somehow both weirder and less weird than you think.

Trump's upcoming speech to libertarians shows he's looking for votes wherever he can find them – just as the party is turning MAGA-friendly.

McArdle said convention package sales picked up after the Trump news and that she expects more media coverage of the event. She said she has also extended an invitation to Biden and independent presidential candidates Robert F. Kennedy Jr. and rap artist Afroman. Cornel West, who is running as an independent, and Jill Stein, a Green Party candidate, were not invited, McArdle said.

Trump is set to appear at the convention on May 25, after a debate among the Libertarian candidates, and his remarks will be open to the public, McArdle said.

Der größte Star der Gruppe ist natürlich Afroman, aber ein interessanter Neuzugang ist RFK Jr.: Ein Antivaxx-Verschwörungstheoretiker, der oft kremlfreundliche Narrative wie „Völkermord im Donbass“ & „von den USA inszenierter Putsch“ verbreitet hat:

General Recommendations

- Always vote **AGAINST** motions to extend debate. This is **NOT** the same thing as always calling the question, we will only do that strategically.
- Have Angela's back on all appeals of the ruling of the chair.
- Pay attention to the Caucus Discord and Caucus signs.
- Do not party too hard on Thursday, Friday, or Saturday nights. You'll need to be in the convention hall and ready for business at 9 AM the following day.
- Items to bring:
 - o A hoodie or other jacket
 - o Water and snacks
 - o Backup battery and charging cable for your phone

We recommend reading it over and downloading both it and this document to your phone and any other devices you'll have with you in the event there are internet connectivity issues in the convention hall.

Caucus Goals

1. The top priority is getting the caucus-endorsed Presidential & Vice-Presidential candidates nominated, and the caucus-endorsed LNC candidates elected. See the **LNC Elections and Presidential/Vice-Presidential Nominations** sections for details.
2. We want to select the Presidential candidate before the close of business on Saturday. This will allow that candidate to be the person to respond to the Trump speech without any meaningful pushback.
3. The Bylaws and Rules report as well as the Platform report are more favorable than
