Diese #vatniksoup stellt den amerikanischen Politiker, Verschwörungstheoretiker und Geschäftsmann Donald Trump Jr. vor. Er ist für seine Geschäfte mit den Russen sowie für seine Arbeit für die Trump Organisation & für seinen Vater bekannt.

1/22

Die Kindheit von Donald Jr. war chaotisch. Seine Eltern trennten sich als er 12 war, da sein Vater eine Affäre hatte. Don Jr. sah seinen Vater ein Jahr lang nicht. Nach dem Uni-Abschluß lebte er in einem Lastwagen & war Barkeeper bis er für die Trump Organisation arbeitete.

2/22

Es scheint, dass die Organisation bereits 2008 eng mit russischem Geld verbunden war, als Don Jr. erklärte: „Was den Zustrom hochwertiger Produkte in die USA betrifft, so machen die Russen einen ziemlich großen Anteil an Investitionen in unsere Vermögenswerte aus“...

Im Juni 2016 traf sich Don Jr. mit einer Gruppe von Russen, darunter Natalia Veselnitskaya, eine  Anwältin, die gegen das Magnitsky-Gesetz auftrat. Das Magnitsky-Gesetz, benannt nach Sergej Magnitsky, ist ein Gesetz, das die Sanktionierung ausländischer Regierungen...

## INSIDER

White House press secretary Sean Spicer contradicted a tweet earlier this morning from President Donald Trump and said "there was nothing" that would cause anyone to think that the controversial meeting between Donald Trump Jr. and a Russian lawyer had to do with anything other than adoptions.

**Sean Spicer.** Chip Somodevilla/Getty Images

"Look, you know I'm not going to get into the specifics of this," Spicer said at Monday's off-camera press briefing. "But I will say that it is quite often for people who are given information during the heat of a campaign to ask what that is. That's what simply he did. The President has made it clear through this tweet. And there was nothing, as far as we know, that would lead anyone to believe that there was anything except for a discussion about adoption and the Magnitsky Act."

Hi Don; if your father 'loses' we think it is much more interesting if he DOES NOT concede and spends time CHALLENGING the media and other types of rigging that occurred--as he has implied that he might do. He is also much more likely to keep his base alive and energised this way and if he is going to start a new network, showing how corrupt the old ones are is helpful. The discussion about the rigging can be transformative as it exposes media corruption, primary corruption, PAC corruption etc.

Sometimes we all need a little perspective. Here's some perspective about our spending in the Ukraine for our proxy war with Russia versus what we spent in Vietnam for 14 years according to the NEW YORK TIMES. In approximately one year we're almost at parity.

May 1, 1975

WASHINGTON, April 30 (AP) —From 1961 until the surrender of the Saigon Government, the United States spent more than \$141-billion in South Vietnam, or more than \$7,000 for each of South Vietnam's 120 million people.

By the time the Paris peace accords were signed in January, 1973, more than 56,000 American servicemen had died in Vietnam, 46,000 of them in combat.

Measuring the full cost of Vietnam fighting to the United States inevitably goes far beyond the statistics. For example many economists link the rapid inflationary spiral of the late nineteen-sixties directly to large Federal deficits that resulted from United States spending in Vietnam.

Donald Trump Jr. retweeted a conspiracy theory promoted by Roseanne Barr saying in part that Democratic mega-donor George Soros was a Nazi.

The retweets from the president's eldest son come after Barr issued a string of tweets on Monday falsely claiming Chelsea Clinton was married to Soros's nephew and that Soros's goal was to overthrow the U.S. government.

"Sorry to have tweeted incorrect info about you!! Please forgive me! By the way, George Soros is a nazi who turned in his fellow Jews 2 be murdered in German concentration camps & stole their wealth-were you aware of that? But, we all make mistakes, right Chelsea?" Barr tweeted on Tuesday morning.

## Trump Jr arrives in Greenland after dad says US should own the territory

Watch: Donald Trump Jr lands in Greenland

Donald Trump Jr has arrived in Greenland, weeks after his father said he wanted the US to take control of the autonomous Danish territory.

Ahead of his visit, Trump Jr said he was embarking on a "personal day-trip" and had no meetings planned with government officials.

President-elect Donald Trump recently revived a controversy he ignited last month when he said "ownership and control of Greenland is an absolute necessity" for the US. "We are not for sale," the island's prime minister responded at the time.
