In today's #vatniksoup, I'll introduce a Danish medical doctor and conspiracy theorist, Anastasia Maria Loupis (@DrLoupis). She's best-known for spreading disinformation and conspiracy theories regarding COVID-19, Russo-Ukrainian War, or basically any other trending topic.

1/19

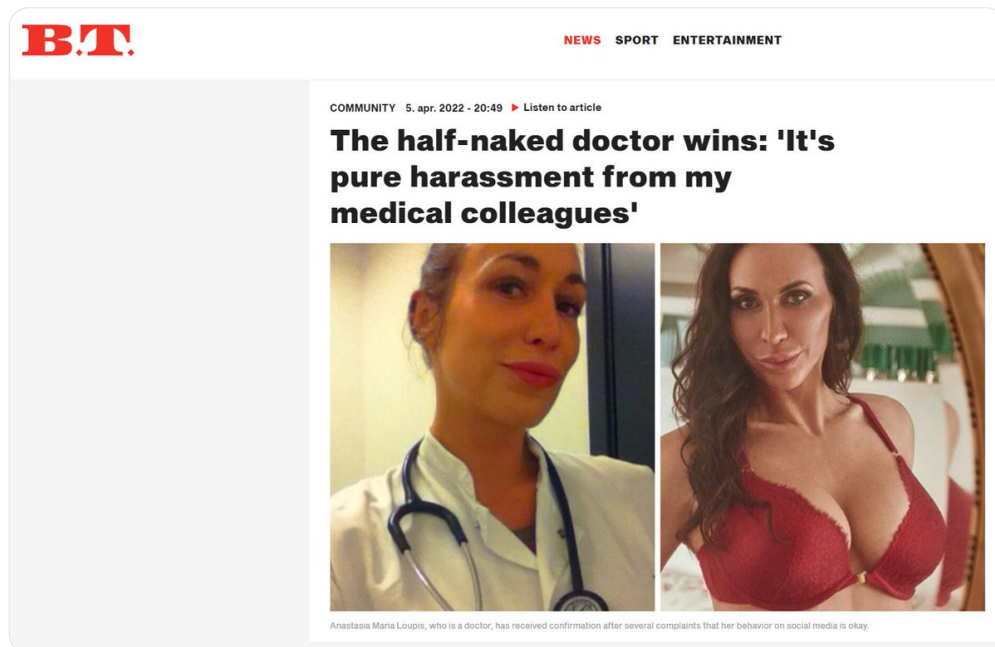

Let's start with what is probably the wildest thing about this whole soup - Nastya is an actual trained medical doctor & she works at a emergency response in Denmark.

Allegedly her views and comments have been challenged in two...

...Medical Boards - The Medical Board for Patient Safety and the Medical Board for Medical Ethics. In Apr 2022, Danish tabloid newspaper called BT published an article discussing her social media presence. Many of her colleagues had complained about her conspiratorial...

..hot takes, but the clickbait-y article mostly focused on Nastya's Instagram "sexy" photos where she poses in skimpy underwear.

Now, take the crazies conspiracy theorist you know & then try to imagine an extra layer of craziness on top of that, and you'll have Dr. Loupis.

4/19

She is the ultimate contrarian, who thinks that everything happening is actually organized by the "deep state". All of her views are based on this premise.

The root of all this is what she calls "anti-Zionism," and its fueled by an age old trope originating from Russia.

In 1902, a fabricated text called "The Protocols of the Elders of Zion" was published. The book described a "Jewish conspiracy against the world," and it's basically the basis of all "globalist Jewish elite taking over the world" tropes originate from.

In addition, Loupy now separates the Jewish people, who "don't need a state to survive" from the evil "Zionists" who are planning to take over the world with deadly vaccines, stealing all your possessions and by censoring brave people like her.

There is nothing unusual about this, as the deep state/World Economic Forum/Jewish elite ruling over the world is one of the most popular "super conspiracy theory" that is used as a basis for all other theories. For example, Nastya has grouped COVID-19, climate change,...

...the US elections, the "woke culture" and the Russo-Ukrainian War under this umbrella. To put it in simple terms: she will be a contrarian to any new trendy thing that makes the news and somehow connects it to the "deep state".

It's unbelievable they looked through COVID scam, CLIMATE scam, ELECTION scam, UKRANIAN scam.

And now they are standing there with Joe Biden and Jamie Lee Curtis, supporting Israelian propaganda.

Unbelievable!

This is called misinformation, the number is 270

pregnancy cases: 274 cases including:

- 270 mother cases and 4 foetus/baby cases representing 270 unique pregnancies (the 4 foetus/baby cases were linked to 3 mother cases; 1 mother case involved twins).
- Pregnancy outcomes for the 270 pregnancies were reported as spontaneous abortion (23), outcome pending (5), premature birth with neonatal death, spontaneous abortion with intrauterine death (2 each), spontaneous abortion with neonatal death, and normal outcome (1 each). No outcome was provided for 238 pregnancies (note that 2 different outcomes were reported for each twin, and both were counted)

Nastya has made some peculiar statements over the war in Ukraine. According to her, Putin is a "hero" whose fight against the "The New World" is something we all should support. Since Feb 2022, she's been strongly defending Putin and his brutal and genocidal war in Ukraine.

Incidentally, the first time Nastya tweeted about Ukraine, Putin, Russia or Zelensky was in Feb 2022. The first time she tweeted about geopolitics over Israel, Palestine or Hamas was in Oct 2023.

Before this, she simply didn't care as these topics weren't popular enough.

The Hamas attack on Israel was an “inside job” by the globalist elite working in tandem with the Biden administration and the Israeli government as part of the great masterplan for World War 3 – which has been in the works since the state of Israel was created after World War 2.

According to an insider, the terrorists were funded and armed by the Biden administration in the build-up to the attack, and Israeli defence and intelligence services agreed to stand down and look the other way when the attack was launched.

Nastya is also extremely transphobic, and often posts images of trans people while making fun of them. According to her, the "Trans Agenda" is again a scheme by the "deep state" to, among other things, depopulate the planet and to feed the "Big Pharma".

I usually refrain from judging people by their looks, but with Nastya I'll make an exception: if you look like you could be one of the Bogdanoff brothers, I wouldn't criticize absolutely anyone for how they look.
