In today's #vatniksoup, I'll introduce an American social media personality, Samantha A. (@zukosmadre).

She's best-known for anti-Imperialism (but only when it comes to the US), and for her hot takes on the Russo-Ukrainian War and the conflict in the Middle East.

1/17

After reading the previous tweet, your first thought is probably "Who?"

Well, @zukosmadre is a relatively quickly growing social media account that focuses on commenting on geopolitical issues, occasionally posting seductive selfies and thus addressing her "fans".

I consider Samantha to be a part of the group of "relatively attractive, young women who promote pro-Kremlin narratives" along with people like Sarah Bills, Maria Butina, Alina Lipp and Liu Sivaya (@liusivaya).

Her activities also closely resemble how @Partisangirl started.

3/17

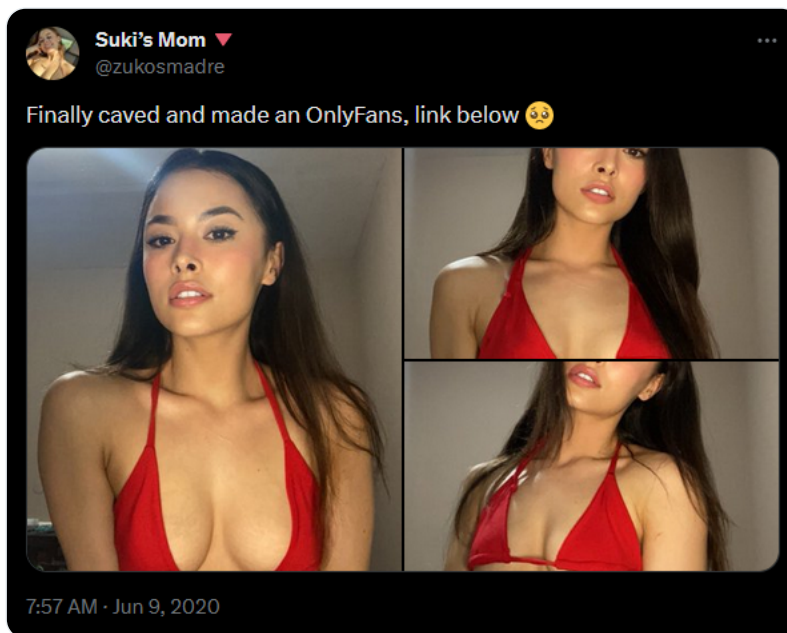

Like @PartisanGirl, Samantha probably discovered a long time ago that her looks and attractive selfies would bring her followers and reach on social media, which can then be beneficial once you start pushing your ridiculous and genocidal political agenda.

4/17

She's has been actively engaging in Russian war crime denialism and apologism, denial of Ukrainian sovereignty, "US/West/NATO bad" rhetoric, and general pro-Kremlin talking points ever since before the invasion of Ukraine began, ramping it way aggressively up afterward.

NATO is not a defensive alliance, it is an arm of American empire whose purpose is to defend US hegemony around the world

The US was never interested in defeating Nazism and only joined the European theatre after Germany declared war on them. Post war, they began Operation Gladio and Operation Paperclip, formally incorporating Nazis into NATO and other government agencies

I mostly agree with what you're saying overall about AOC and foreign policy, but "US interests are definitionally counter to the interests of the global proletariat" is ludicrous—was it against the proletarian interest to defeat the Nazis in WWII?

Ukraine is a vassal state for western interests, kept reliant on NATO/Western aid in an attempt to contain Russian influence

Sam's views seem to stem from the support of feminist communism and socialism, and she's heavily against "colonialism" - except if it's done by the Russians or Soviets in Ukraine.

For her, the US is the "imperial core & global hegemon," yet she chooses to live there.

Many Americans have an incorrect view of the global balance of power—the US is the imperial core & global hegemon, there is not a single country in the world on the same level as US empire.

She's called Holodomor "literally Nazi propaganda," and opposes any military or humanitarian aid to Ukraine, and according to her, NATO and Ukraine are full of Nazis. She's also stated that the West and Ukraine don't care about women, and anyone who thinks that is a fool.

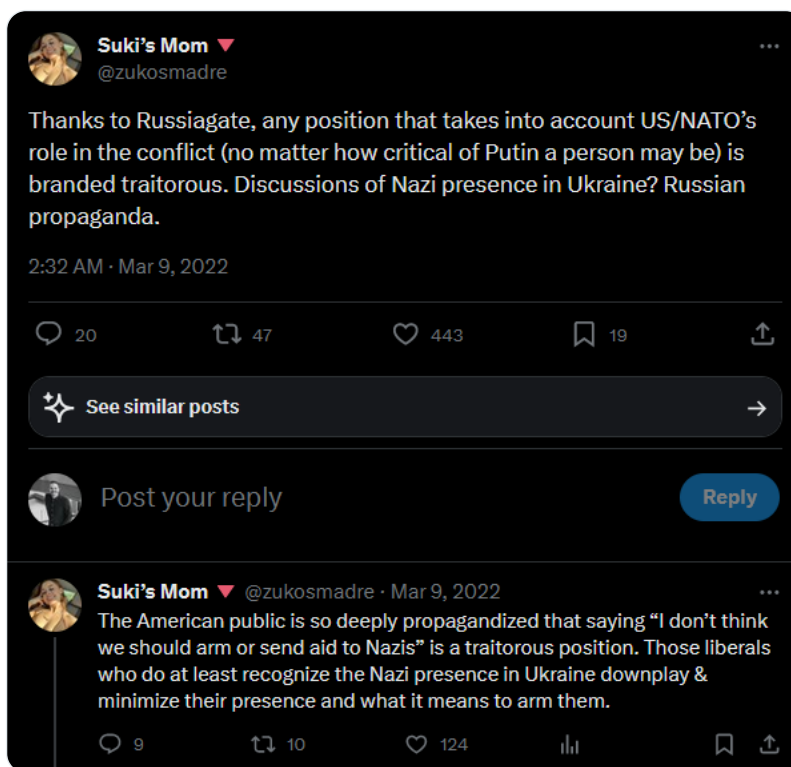

7/17

Then there's of course the "8 years of shelling of Donbas" narrative, a story that's been debunked so many times that it's extremely difficult to find people who believe in that shit anymore. Well, here's one I guess. She also believes in Taibbi's & Maté's silly RussiaGate BS.
8/17

To Sam, Ukraine's a country full of Nazis and she proves this by sharing a UN voting map on Russia's UN resolution they've used both for propaganda and for justifying their genocidal attack on Ukraine.

Incidentally, she doesn't talk about Russia's massive neo-Nazi problem.

9/17

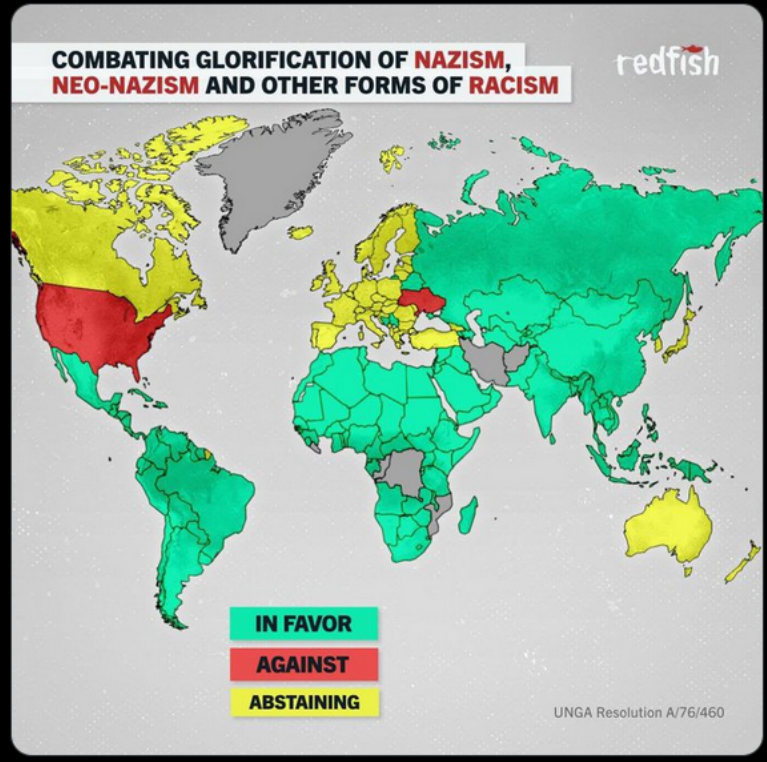

Suki's Mom ▼

@zukosmadre

Ukraine:

- > is the only nation in the world w a formally incorporated neo-Nazi battalion in its armed forces
- > has the National Druzhina militia, which carries out pogroms against Jewish and Romani people in Ukraine
- > honors Bandera with statues and a national holiday
- > see map

Ukraine sees it as hypocritical

In its explanation of the vote, the European Union recalled that it had been advocating "for years that the fight against extremism and the condemnation of the despicable ideology of Nazism must not be misused and co-opted for politically motivated purposes that seek to excuse new violations and abuses of human rights."

While they voted against the text proposed by Russia, the EU-27 were keen to recall that the "joint fight against contemporary forms of all extremist and totalitarian ideologies, including neo-Nazism, must be a joint priority for the whole international community."

Canada and the United States (the only country to have consistently voted against these resolutions for the past 10 years) justified their opposition to this draft resolution, believing that it aimed to "legitimize a discourse based on disinformation."

According to the press release published on the UN website, Ukraine called this text hypocritical believing that, contrary to its title, it was a pretext used by Russia to justify its brutal war against its country and the despicable crimes committed against humanity.

Sam's often called for people who support Ukraine to "take that energy and go fight for Ukraine". Now this is something that you see quite often, as some people don't realize that war efforts can be helped in many ways, including countering disinformation online.

After Hamas' terrorist attack against Israelis on 7 Oct 2023, Samantha ramped up her genocidal rhetoric going as far as to say that every single Israeli person, literal babies and toddlers included, are "all settlers", and that they all deserved it.

Spooky's Mom 🎃 @zukosmadre · 19h

You people r so fucking brain dead. Beyond the fact that these are innocent people who were the victims of a random act of violence, am I posting snuff footage? Am I juxtaposing the image of a man being murdered next to his girlfriend with the last photo they ever took together?

DintMentalFloss @DintMentalFloss · 2h

A 4-year-old kid is innocent. No, people can't "just flee." Why can't you just acknowledge that killing average people just living their lives is wrong? Not everyone in Israel supports their government or the apartheid. Not everyone is a "settler" who should "go back" etc

She hopes that everyone who "condemns Hamas" drowns in piss and claims that these people "helped manufacture consent for genocide". She also apparently doesn't like the claim that killing and kidnapping civilians are "Hamas methods" (which they of course are).

Sam's actually working as a bartender/server in a very popular, Jewish-owned bar in Connecticut. She's probably used to serving Jews and Ukrainians every time she is behind the counter.

But I suppose her boss is not part of the "evil Zionists" clan she so much despises.

14/17

Probably due to the lack of tipping culture, She also despises "Europeans" (probably calls them "Nazis") and her messages to work group chats reveal her hate and bigotry against

them.

In fact she's told her work group chat to tell Europeans "tell them to kill themselves".

15/17

She's allegedly studying to become a public defender, and she's paid big bucks for companies to erase her online history.

That's probably a good idea, if you want to become a prominent lawyer, as lately she has promoted threats against people like @drewpavlou.

To conclude: Sam is an edgy feminist/communist/far-left type that spews typical anti-Ukraine rhetoric and pro-Kremlin narratives. Lately she's been more focused on the conflict in the Middle East, supporting terrorist group Hamas and fighting against "evil Zionists".
