In today's Holiday #vatniksoup, I'll introduce an American social media personality and fifth columnist, @Zagonel85. He's best-known for his strong anti-Ukraine rhetoric, and hosting Spaces on X featuring prominent vatniks like convicted sex offender Scott Ritter.

1/18

This investigation was done in collaboration with @UnintelAgency.

Looking at the description, you can clearly see that he's just your typical social media vatnik, spreading pro-Kremlin propaganda.

What you probably didn't know is that he's also a Tolstoy.

The West is attempting a color revolution in Serbia.

Another Maidan.

They fund people who refuse to accept election results.

Yet the establishment in the U.S. shrieks about Trump & J6

Let's start with the rather interesting bit - Mr. Tolstoy is, as a matter of fact, the great grandnephew of author Leo Tolstoy, and son of the late Count Vladimir Tolstoy. Vladimir was influential figure in Russian emigree circles in Washington DC until his death in 2020.

Count Tolstoy helped with the development of the St. Nicholas Orthodox Cathedral, and organized the Annual Russian Ball popular in the "White Russian" (exiled Tsarists) community.

The Tsarist community are by and large not fans of Communists or Putin's fascist regime.

Welcome to the Primatial Cathedral community which comes together on Sunday and Feast Days to hear the Word of God, to say our Common Prayers, and to give thanks to the Lord in the Holy Eucharist.

Sacraments are celebrated to bring us to the Divine Life and thanksgiving is offered.

On weekdays our Cathedral is a place of guided tours, private prayer, meditation, lighting of a candle, quiet reading of the Scripture, and appreciation of its beauty.

To learn about the history of the Cathedral click [here](#). Click [here](#) to watch a short documentary on the Cathedral's iconography.

Tolstoy even worked briefly an Office Manager at the Cathedral where his father was Sub-Deacon, a job his father no doubt got for him.

Incidentally, the Cathedral is currently collecting donations for Ukraine.

Office Manager

St. Nicholas Orthodox Church
Aug 2008 - Jun 2009 · 11 mos
Washington D.C.

- Maintained both physical and Outlook calendar of the Dean and other clergy; scheduled appointments and meetings on their behalf
- Contributor to and editor of weekly parish publications, both published and on the internet
- Facilitated efforts and organized Community Outreach program to help disadvantaged individuals who came to church for assistance
- Arranged travel and hotel accommodations when needed

Tolstoy really doesn't like the "decadent West" and its values, often complaining about LGBT+ issues and calling Ukraine's supporters "f**gots" when the identity of @vonClownsewitz was revealed.

Incidentally, Tolstoy's brother regularly attends Pride parades.

"I think... if it is true that there are as many minds as there are heads, then there are as many kinds of love as there are hearts."

— Leo Tolstoy, Anna Karenina

For obvious reasons, Tolstoy has been extremely hostile against many published investigations conducted by @UnintelAgency and yours truly, saying that there's "a cold place in hell" for us. In his case, he probably wants to protect the family name.

It probably goes without saying, but Tolstoy is very anti-Ukraine. Interestingly, his views contrast with public statements made by The Russian Ball of Washington.

But we all should be entitled for our own opinion, even when it has no basis in reality.

Statement on the Invasion of Ukraine

February 28th, 2022

The Russian Nobility Association in America unequivocally condemns the unjustified military invasion of Ukraine by the government of the Russian Federation. We also reject all inaccurate historical arguments the Putin regime made to support their actions that are contrary to international law, long adhered-to agreements and standards of universal human values.

We live in emigration because of a World War, Revolution and Civil War, and our entire existence here has been defined by our opposition to the Soviet State. While our organization does not engage in politics, we have never been silent about fundamental questions of truth, decency and basic human values. When the new government of Russia misrepresents history and invents facts to justify the conquest of an independent non-threatening neighboring country, using the same symbols we respectfully carried with us into emigration, we cannot stay silent. Silence translates into acquiescence. This is not the Russia we stayed faithful to for over 100 years.

We have already started to assist Ukrainian refugees escaping from the war. We will expand our aid as we identify additional reliable and direct conduits of support, and we invite our members and friends to join us in these important efforts.

If you wish to support the Association's efforts to assist families and individuals who have been displaced due to the ongoing military conflict in Ukraine, you may donate by clicking the button below.

He's claimed that "there's zero evidence of Russian genocide [in Ukraine]", and that Bucha was fabricated by the SBU. According to him, the shoot down of MH17 was "propaganda", and that Euromaidan and the following Revolution of Dignity were an "illegal coup".

According to Tolstoy, Ukrainian soldiers are "holed up" in civilian buildings, and that this strategy was actually recommended to the Ukrainians by NATO. Apparently, the Russians can do no harm and have not targeted any civilian targets in Ukraine, Syria or Chechnya.

It's not genocide when the AFU are holed up in concrete structures that once housed people.

You know, NATO should never have recommend Ukraine utilize this tactic.

It's very gauche of Kiev to do this — putting its (former) citizens in harms way like that.

Tolstoy's also commented on conflict in the Middle East, calling Oct 7 terrorist attack a "military action against Israel". He's also called Israel a "Russian cuck".

October 7 was NOT like 9/11.

BiBi has lost the plot.

9/11 was an act of terrorism by nefarious actors, while October 7 was a military action against Israel by **Hamas**.

Both groups have captured civilians before.

To conclude: Tolstoy is a great example of a "kid" (to be fair he's almost 40) who tries too hard to distance themselves from their parents and their heritage, and hangs out with fellow communists like @vonClownsewitz.
