I don't know OP enough to weigh in one way or another.

But going back, to the question posed... do you agree that Ukraine performs propaganda operations?

It's an easy question. Russia uses it, NATO does it, so why wouldn't Ukraine?

## swastika on Ukrainian cars – Baden-Baden AfD City Council resigns

A member of the Baden-Baden municipal council smeared two Ukrainian cars with swastikas and the saying » Fuck UA «. Now AfD man Martin Kühne gives up his post on – on the allegations, he did not comment.

In the case of the swastika affair in Baden-Baden, AfD City Councilor Martin Kühne has announced his resignation. As the AfD faction of the municipal council said on Wednesday night, Kühne communicated this decision on Tuesday evening by letter to Mayor Dietmar Späth ( parteilos ).

» He did not give our group any information about the allegations made against him «, said his group colleague Alexander Arpaschi. On request, Kühne did not want to speak on Tuesday. Alongside Arpaschi, Kühne is one of three AfD city councils in the spa town.

The Baden-Baden public prosecutor announced earlier this week that, that a city council is suspected of having defaced two cars with a Ukrainian license plate with the Nazi symbol and also in large letters the words » Fuck UA « on the vehicles. For this he received a penalty order in the amount of 50 daily rates, which is not yet final. The incidents reported to have occurred in January and March this year.

The authority has not announced who it is and which parliamentary group the local politician belongs to. Local media, including the » Baden Latest News « [🔗](#) and the portal » goodnews4 Baden-Baden « [🔗](#), later reported that they were cows.

I think Americans are more horrified of the anti-materialism of National Socialism, than any other element. You can appeal to a boomer's patriotism on Israel and hope something sticks, but asking them to give up their "man cave" to secure the identity of a nation is a step too far. It should still seek to reward excellence and have ownership and a free market.

Remember that the Third Reich spent 6 years rebuilding and arming itself. And then 6 years at war. It wasn't perfect, but still achieved things that others thought were impossible.

Without National Socialism @elonmusk wouldn't have a rocket company. I'm not sure if he's aware of that.
