Eelmine SUUR LÕNG läks miskipärast pekki. Proovin uuesti.

Aitasin uurida lekkinud kirjavahetusi ja dokumente, mis paljastavad selgelt: Kremli ja Euroopa paremäärmuslikud parteid on teinud aastaid salakoostööd.

Kuidas see meid mõjutab? Selgitan 📌

**„Ilma meie sekkumiseta nende populaarsus hääbub.“ Kuidas Kreml Eu...**

Lekkinud dokumendid tõendavad selgemini kui eales varem, kuidas Venemaa mõjuagendid on viimased seitse aastat aidanud kujundada Euroopa paremäärmuslike parteide ideoloogiat ja poliitikat.

<https://epl.delfi.ee/artikkel/96238897/kuidas-kreml-euroopa-paremaarmuslikelt-parteid...>

Tema on Konstantin Malofeev.

Euroopa kaose hall kardinal.

Ukrainas tagaotsitav, sest rahastas Ida-Ukraina separatistlike terroriste. Rahastanud vene trollivabrikuid. Mõjutanud valimisi kogu Ida-Euroopas.

Ühtlasi, Euroopa ultrakonservatiivide salaideoloog.

Vladimir Putin armastab julgeolekutegevust outsource'da just läbi temasuguste oligarhide (vt ka Wagneri sõdurid, Janukovitš), et Kremli käed puhtana hoida.

Malofejevile kuulub terve võrgustik organisatsioone Euroopas, mis tegutsevad Venemaa huvides.

Näide plaanidest 2013a:

Dear All,

It was a great pleasure to meet all of you in St.Petersburg and to have a fruitful discussion. As we have all agreed, our action plan would be to start immediately our work on the following 7 initiatives:

- 1) Festival of Traditional European Christian Culture - in Rome/Paris and Moscow (Fr. Tikhon, Roberto de Mattei)
- 2) "Conservative Davos" - high level forum with focus on industry instead of finance (Bernard Carayon, Konstantin Malofeev and all)
- 3) Pan-European think tank (Claude Gueant, Michael Modrikamen and all)
- 4) Summer school for young leaders (Bernard Carayon, Hilarion Schakhovskoy)
- 5) March for Life in Europe - invite speakers from Russia (Roberto de Mattei, Juan Miguel Montes)
- 6) Hoc Vinces - conservative Christian web portal in English, French, Spanish and Russian (Alexey Komov)
- 7) "Conservative Europe" Socio-Political Movement (Claude Gueant, Bernard Carayon, Michael Modrikamen, Fr. Tikhon)

Näide Poolast. Organisatsioon Ordo Iuris. Ajakirjandus paljastas juba mullu, et seda rahastab Malofeev.

Konservatiivsed noorte suvelaagrid (pildil), annetuste lunimine ja ideoloogilised kohtuhagid. Kõlab tuttavalt?

SAPKT on selle cover-bänd Eestis. Tegevus on pea identne.

Ei ole juhuslik. Ordo Iuris on täitsa avalikult SAPKTi eestkuju. Ordo Iurise asutaja oli 8a SAPKTi nõukogu liige.

Vooglaid eitab ühist rahastusmudelit, kuid tegevus on ju sama.

Kas see lohutab, et tegevust Poolas, mida rahastab Kreml, tehakse meil "tasuta"?

Tagasi Malofejevi juurde. Asi läheb hämaraks, kui hakkan uurima dokumente tema meediaettevõttest Tsargard.

Nt siin tabelis on Austria poliitik, eesmärk (sanktsioonide eemaldamine) ja summa (20 000EUR + 15 000 eduka hääletuse korral).

Ja mis juhtub seejärel Austria parlamendis?

2015 oli Leedu MEP (praegune välisminister) Landsbergis minemas europarlamenti Venemaa vastaste seisukohtadega.

Enne seda küsisid Itaalia paremäärmuslased Liiga parteist PARANDUSETTEPANEKUID Venemaalt.

Vaadake, mis juttu itaallased hiljem europarlamendis rääkisid!

Good morning,

we inform you that this is the draft motion of Mr Gabrielius Landsbergis:

**"on the state of EU-Russia relations" that the European Parliament will soon examine!**

**The text is very bad.**

**Please send us as soon as possible your amendments that we will take in consideration to submit!**

**We need to present it at least next friday.**

**Best regards**

► [Mara Bizzotto \(NI\)](#), in writing. - I do not agree with the policy that Europe is pursuing against Russia. The only result of the decisions taken by the EU up to now has been the creation of the sanctioning system which is causing enormous economic damage to the European market, in particular to the Veneto and Italian markets. The persistence of Europe in its positions will further aggravate the disastrous economic situation we are experiencing. For all these reasons, I have voted against this report.

► [Lorenzo Fontana \(NI\)](#), in writing. - Report from short-sighted and insane. The attitude the EU is taking on this issue is simply suicidal for the majority of EU citizens. Pursuing the United States into this new cold war is insane.

► [Gianluca Buonanno \(NI\)](#), in writing. - I voted against, the report is preconceived and full of anti-Russian prejudices. The anti-Russian policy imposed on the EU by the Americans must be reversed, Russia is an important partner for our companies and Moscow is certainly not an enemy, but it should be more involved in European development policies.

Liiga-Venemaa suhete kurja juur on G. Savoini, Liiga partei liidri M. Salvini endine parem käsi.

Dokumendid paljastavad tema arvukaid salasobinguid venelastega (isegi tema e-mail oli .ru)

Nt ka Tsargardi memo paljastab, kuidas Salvini Moskvast Malofeejeviga salakohtumisi pidas.

3. The need to establish direct contact with Matteo Salvini. Until last year we had them quite regularly through the journalist Gianluca Savoini and Claudio D'amico, who became his diplomatic adviser to the Italian Deputy Prime Minister. Last summer, on the sidelines of the World Cup, we organized a rally of Sacred Union participants in Moscow, where we had one working session and a dinner after the championship final with Matteo Salvini. Last November, during Matteo's working visit to Moscow, my boss arranged a private meeting with him, renting a room on the same floor of the Lotte Hotel to prevent the Western press, whose representatives were constantly snooping around Matteo and reporting on all those Russian representatives who came to their attention during their conversations with Matteo, from catching wind of the meeting.

Tegelikult oli Savoini ja Liiga partei Venemaa rahastuskandaalid avalikud juba 2019. aasta veebruaris.

Kuid 2019. aasta mais peab Salvini suur fänn Jaak Madison Liiga valimisüritusel toetuskõne.

Malofejevi tiim orgunnis salakohtumisi ka Marine Le Peniga. Savoini oli ka siin vahendaja.

Venemaa esindajate nimesid ei julgetud isegi kirjavahetustes nimetada.

K - Malofejev (Konstantin)

Selliseid kohtumisi oli veel.

Dear Ludovic,

Mr Salvini wishes to organize a lunch or a dinner with Ms Le Pen and two important guests from Russia during the plenary session of May.

Do you think that it will be possible? About the names of the guests and the details I suggest that we discuss the topic personally (I may come to your office today or tomorrow, as you prefer).

Ja ka Saksamaa poliitikud. Siin Alternatiiv Saksamaale (AfD) parlamendiliige tänab Malofejevit mõnusa õhtusöögi eest Moskvas.

Ühise arutelu käigus sündis idee luua uus tugev Euroopa Parlamendi paremäärmuslaste ühisrinne.

Seni on Ungari-Poola püsinud eraldi.

#### Follow-up to our meeting in Moscow

Dear Mikhail,

following up our meeting last week, first of all we want to thank Mr. Malofejew and his colleagues again for taking the time to have us for our conversation. And again we can only thank you for the amazing and matey dinner. We enjoyed it a lot!

In my personal opinion and on behalf of all of our delegation our discussion has been a good kick-off regarding further steps not only towards a new and strong national fraction in the EP, but also in developing continuity concerning sustainable political relations and cooperation structures.

As a next step we will discuss and work on the resolution you sent us as a base for our further cooperation. We hope to have a common base regarding our position to within short-term, possibly by the end of next week.

We already started with our part and will send it to you as soon as possible.

Finally, as discussed, we are glad to return your invitation and we are looking forward to host you and your fellows in Berlin. Please feel free to contact me or my office (you met my Head of Office, Mr. John Hoewer) at any time to find a matching schedule for your visit here at the Bundestag. All of us would be very pleased to have you as our guest.

Siin Tsargardi memos (2019 suvi) räägitakse samuti uue Euroopa paremäärmusliku ühisrinde loomise vajalikkusest.

Nimetatakse ka põhimõtted (abielu = mehe ja naise vaheline liit :D)

Samuti tõdetakse, et ilma meie abita Euroopa paremäärmuslased hääbuksid. Kõnekas.

Manifesto adopted at the founding congress (attached). It is based on five principles that are threatened by the liberal diktat of the European Union.

1. State sovereignty is a prerequisite for sustainable development.
2. National culture and tradition as the highest priority of the nation state.
- (3) Christianity as the foundation of life.
4. Education as the basis of upbringing of a person.
5. Marriage - the union of a man and a woman.

The Eurosceptic Congress, planned but not held in 2019, could not be convened in 2020 for objective reasons, caused by the worldwide coronavirus epidemic. Moreover, the Western intelligence strikes against Salvini and his inner circle after the published transcript of the talks in Moscow in 2018 and the planned provocation against the leadership of the Austrian Freedom Party in 2019 served as a formidable warning to other right-wing parties, disrupting coordination between them and interrupting working contacts through the "Holy Alliance." Without our active engagement and tangible support for the European conservative parties, their popularity and influence in Europe will continue to wane.

Kremli käsilaste soovid kipuvad täide minema.

2021.a suvel selgub, et loodud on uus ühisrinne: Le Pen-Salvini (ja Madison) plaanivad hakata koostööd tegema seni EPs eraldi tegutsenud Ungari-Poola paremäärmuslastega, et "mõjutada ELi tulevikku".

Orbán, Le Pen, Salvini, Kaczyński join forces to impact on the future of...

<https://www.euractiv.com/section/elections/news/orban-le-pen-salvini-kaczynski-join-for...>

Mul ei ole tõendeid, et EKRE/SAPKT oleks Kremli raha vastu võtnud.

Kuid kas Kremlil on seda vajagi?

Ilmselt mõjutab euroskeptikute käilakujude käitumine ka nende kamraadide käitumist Eestis.

Ja muidugi on kogu ülalolev vaid piilumine läbi ühe räpase luguaugu.

Võib ka inglise keeles lugeda :)
