Diese #vatniksoup stellt einen amerikanischen politischen Kommentator und Kreml-freundlichen Propagandisten vor, Tucker Carlson (@TuckerCarlson). Er ist für seine unverschämten Lügen und seine pro-Putin und anti-ukrainischen Ansichten bekannt.

1/23

Carlson begann seine Karriere als Faktenprüfer (!) für die konservative Zeitschrift Policy Review. Er bewarb sich auch für die CIA, wurde aber abgelehnt, woraufhin er eine journalistische Laufbahn einschlug. Tucker hat für fast jeden großen Sender in den USA gearbeitet.

2/23

Tucker's post-collegiate plans fell through too. Tucker applied to the CIA that spring. The spy agency passed.

"He mentioned that he had applied and they rejected him because of his drug use," another college friend said, while declining to be named. "He was too honest on his application. I also probably should say I don't know whether he was telling the truth or not."

Von 2000 bis 2005 arbeitete er für CNN, 2004–2005 für PBS, 2005–2008 für MSNBC und 2009 wechselte er schließlich zu Fox News. 2016 begann Carlson mit der Moderation von „Tucker Carlson Tonight“, die bald zur meist gesehensten Fernsehsendung des Senders in dieser Zeit wurde.

3/23

2021 erklärte das Time Magazine, dass er „der mächtigste Konservative in Amerika“ sein könnte. Er wurde auch als eine „führende Stimme der weißen Beschwerdepolitik“ bezeichnet. Carlsons politische Ansichten sind keine Überraschung: Er ist gegen Abtreibung, für das Recht...

## Tucker Carlson Says Global Warming Is Not A Threat But Winter Is

The Fox News host didn't quite seem to grasp climate change in his latest denial.

By Ron Dicker  
Aug 30, 2022, 07:44 AM EDT

Tucker Carlson on Monday turned a segment about Europe's legitimate energy worries into an eyebrow-raising declaration about [climate change](#). (Watch the videos below.)

The Fox News host summed up measures that several countries were taking to anticipate heating shortages in the colder weather and concluded thusly: "The Europeans have discovered that the real threat to human civilization is not global warming; it never was global warming. The real threat to people is global cooling, otherwise known as winter."

"Far more people freeze to death every year than die of heat," Carlson said. "So when temperatures in Europe begin to drop a few months from now, this is a huge problem and that will be obvious to everyone. It's not global warming; it's global cooling. That's what's going to kill your grandmother."

Scientists have warned for years that human-caused climate change is fueling extreme heat and drought — but also more dangerous winter events [such as blizzards](#) and [rare cold snaps](#) in warmer climes. In addition, [heat-related deaths surged 74%](#) over a recent 36-year period.

Carlson ist immer und immer wieder beim Lügen erwischt worden. Trotzdem sagte er in einer seiner Reden ohne Ironie: „Die Wahrheit ist ansteckend... je mehr man die Wahrheit sagt, desto stärker wird man... je mehr man lügt, desto schwächer und verängstigter wird man.“

The host of the network's top-rated show, "Tucker Carlson Tonight," called the situation between the two nations "a border dispute." He asked his viewers to question why they should hate Russian President Vladimir Putin. A day later, as a guest on another Fox News show, "The Ingraham Angle," he echoed a Kremlin talking point about Ukraine being a puppet of the West, saying that Ukraine wasn't a democracy but "essentially managed by the [U.S.] State Department."

Hours later, Russia invaded Ukraine in the largest military ground conflict in Europe since World War II.

On Thursday night, Carlson backpedaled, recharacterizing what he had called a "border dispute" two days earlier as a conflict that "could become a world war."

"It's a tragedy, because war always is a tragedy, and the closer you get to it, the more horrifying it seems," he said.

Carlson also shifted his tone on Putin. After Russian troops had invaded and were bombing Ukrainian cities, Carlson said of Putin: "He is to blame for what we're seeing tonight in Ukraine."

...Glenn Greenwald einlud, der von all dem keine Ahnung hatte, aber immer bereit war, die USA schlecht zu machen. 2019 sagte Carlson, dass „wir uns wahrscheinlich auf die Seite Russlands stellen sollten, wenn wir zwischen Russland & der Ukraine wählen müssen“.

Nachdem Donald Trump Jr. sich mit russischen Beamten getroffen hatte, um nach schmutzigen Informationen über Hillary Clinton zu fragen, verteidigte Tucker ihn und sagte, er habe nur „mit Ausländern geplaudert“.

11/23

There's only one problem. In addition to being a critic of GOP hawkishness, Carlson is also an apologist for Donald Trump on the Russia scandal. On Tuesday, before his showdown with Ralph Peters, he called the furor over Donald Trump Jr.'s willingness to accept anti-Clinton information from the Russian government a "new level of hysteria." Trump Jr., he insisted, had merely been "gossiping with foreigners." If that "now qualifies as treason ... you ought to think about that before you allow an exchange student to live in your house."

Carlson vertritt die Verschwörungstheorie des „Great Replacement“ und behauptet, dass die Demokraten einen „demografischen Austausch“ planen, um ihre Wählerbasis zu vergrößern. Er hat auch gesagt, dass die Vorherrschaft der Weißen in den USA kein Problem sei.

## White supremacists behind over 80% of extremism-related U.S. murders in 2022

WASHINGTON, Feb 23 (Reuters) - Mass shootings in the United States accounted for most extremism-related fatalities last year in the country with over 80% of those murders committed by white supremacists, data released by the Anti-Defamation League (ADL) showed on Thursday.

Einer der irrwitzigsten Carlson-Beiträge war das Video „Eat the Bugs“, wo er den Gründer des Weltwirtschaftsforums Klaus Schwab als einen Mann darstellte, der Menschen zwingt, Insekten zu essen. Schwab wurde von einem der miesesten Komiker der Welt, Jay Dyer, gespielt.

Als Joe Biden im Feb 2023 Kiew besuchte, meinte er, die Luftschuttsirenen seien „nur Show“. Außerdem nannte er Selenskyj „ein Instrument der totalen Zerstörung“ und sagte, er habe „kein Interesse an Freiheit oder Demokratie“. Übrigens hat er das nie über Putin gesagt.

Dore gab seine übliche Predigt gegen den „tiefen Staat“ & den „militärisch-industriellen Komplex“. Offenbar ist es die „US-Kriegsmaschinerie“, die Städte bombardiert & Zivilisten in der 🇺🇦 tötet/vergewaltigt, wie zuvor in Syrien, Georgien, Tschetschenien, Moldawien, etc.

No one else in all of Corporate news ever brings on anti-war voices, the one that did just got axed. Doesn't matter that he's the most watched show in all of news - much like when MSNBC fired Phil Donohue for his anti-Iraq War coverage when he had #1 show on network. [#WarMachine](#)

20/23

In their group text thread, Carlson pointed Hannity to a tweet by Fox reporter Jacqui Heinrich. Heinrich was “fact checking” a tweet by Trump that mentioned Dominion and specifically mentioned Hannity’s and Dobbs’ broadcasts that evening discussing Dominion. Heinrich correctly fact-checked the tweet, pointing out that “top election infrastructure officials” said that “There is no evidence that any voting system deleted or lost votes, changed votes, or was in any way compromised.”

Carlson told Hannity: “Please get her fired. Seriously... What the fuck? I’m actually shocked. ***It needs to stop immediately, like tonight. It’s measurably hurting the company The stock price is down. Not a joke.***” Tucker added, I just went crazy on Meade over it. Hannity said he had “already sent to Suzanne with a really?” He then added: “I’m 3 strikes. Wallace shit debate[.] Election night a disaster[.] Now this BS? Nope. Not gonna fly. Did I mention Cavuto?”

Die SMS zeigen, dass Tucker Trump „leidenschaftlich“ hasst. In ihnen sagte er weiters, dass „es wirklich nichts Positives an Trump gibt“. Der NYT-Reporter Ben Smith sagte, dass Carlson oft eine Quelle für Journalisten war, die kritisch über Trump geschrieben haben.
