In today's [#vatnik](#) soup I'll talk about children, and especially the children of the Russian propagandists and politicians. It seems that the Kremlin-elite doesn't want to send their children to fight in Ukraine, but rather provide them with Western luxuries and education.

1/18

I have previously written about Kremlin folk who often criticize the West while vacationing on various European hotspots. Some of these include the Russian Deputy Minister of Defense, Timur Ivanov and his wife, and the press secretary for Vladimir Putin, Dmitry Peskov.

2/18

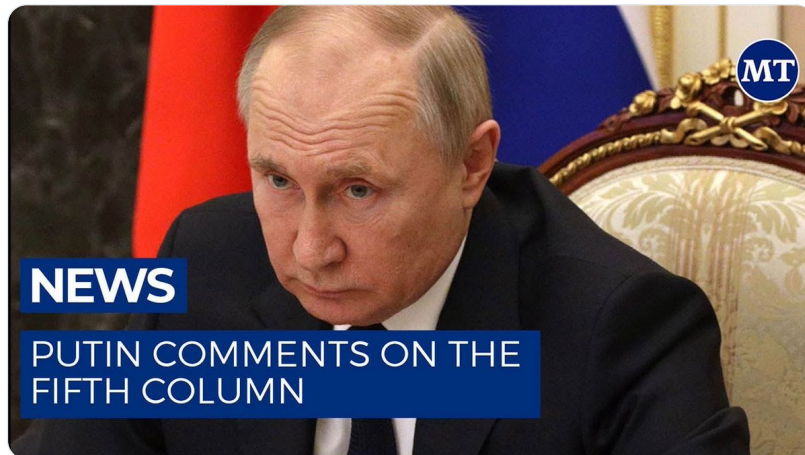

In the midst of the Russian mobilization and the Great Exodus, Putin called those who leave Russia and turn to the West "scum and traitors to their homeland". The "We all must do our part" rhetoric has been constantly parroted in the Russian media,...

3/18

...and everyone who avoids their duty to the "Fatherland" is a coward. In Mar, 2022, he said that "they [the West] will try to bet on the so-called fifth column, on traitors. To those who earn their money here, but live there".

4/18

Of course there is also the narrative about the "decadent West", where traditional values are forgotten and children's parents are called simply Parent 1 and Parent 2. In this story, homosexuality and pedophilia are rampant in the West and religious values...

5/18

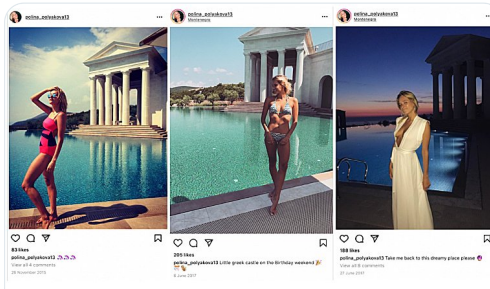

...have been forgotten a long time ago. Nevertheless, it seems that the Russian elite want to join the unholy bacchanals in the West, and even send their kids to learn about these twisted values!

Let's go through some notable examples:

6/18

This is Polina Kovaleva, Sergei Lavrov's stepdaughter. Polina loved spending time at the now-seized Deripaska's mansion in Porto Cervo. Somehow, at the age of 21, she had the money to buy an apartment from Londongrad with a price tag of 4,4 million pounds, with cash.

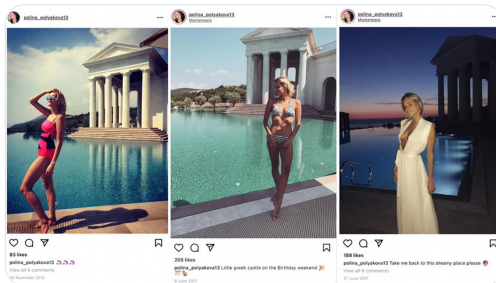

7/18

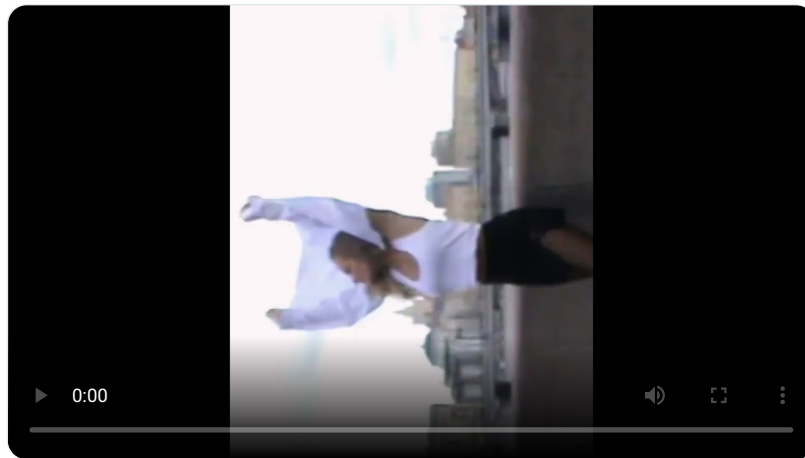

We will now quickly soar over Deripaska's Montenegrin villa and quickly find this very pool. And this is the building with a colonnade.

Maria Pevchikh (@pevchikh) has called Polina's Instagram feed as a "non-stop holiday". Due to the attention she got, her Instagram account has been turned to private, but there's no doubt she's still vacationing somewhere around the world. Kovaleva was sanctioned in Mar, 2022.8/18

This is Jelizaveta Peskova, daughter of Dmitri Peskov. While Ukrainian civilians, including children, are bombed and tortured in places like Kherson, Peskova is posting pictures & videos from various luxurious locations in Europe. She also seems to enjoy the "Western decadence". 9/18

As a child, she attended the Ecole des Roches, a boarding school whose fees would've taken up most of Dmitry Peskov's official salary. Later she interned for Louis Vuitton and completed a marketing degree from a French Business School.

Masha, Russia

liza_peskova Я очень люблю писать. С детства пишу рассказы, пишу стихи и даже начала книгу.

В этом году в честь отца и материа пошла на день рождения старшей сестры.

Видно насколько достаточно энергии и чего-то вроде оптимизма, чтобы оформлять и писать все мысли в одно целое.

Собираю в заметках этой осенью, а бы никогда не подумала, что получится книга.

Спасибо моей сестре Саше, маме «Жанна» и Фредоку, люблю за то, что сделали из этого такой трек.

Книжки, чтобы быть, даже когда отпустило и чаше-то, полное профессиональной и семейной любви к отцу, сестре Лизе и Папе на всех площадках. Ластайте карточки.

To be fair, she's been vocal about the war, saying that "for me, it's totally unfair and unfounded". This comment came after she was sanctioned in Mar, 2022. On the day of the full-scale invasion, she posted the words "No to war" on her Instagram page, a crime that...

...could put her behind the bars for 15 years when (if) she goes back to Russia - it'll be interesting to see what happens.

And it doesn't end there: Lavrov's other daughter, Yekaterina, studied in the US, State Duma's Deputy Speaker Sergei Zheleznyak's three daughters...

In today's #vatnik soup I'll introduce a 🇷🇺 TV star and a propagandist, Vladimir Solovyov. He has his own TV show called "Evening with Vladimir Solovyov".

Vladimir is first and foremost a Kremlin-mouthpiece and a master propagandist, who speaks mostly to the 🇷🇺 people.
