In today's #vatniksoup, I'll introduce an American social media personality, conspiracy theorist and neo-Nazi, Angelo John Gage AKA Lucas Gage (@Lucas\_Gage\_). He's best-known for his rabid antisemitism, support for white nationalism, and his anti-Ukrainian statements on X.

1/16

In 2015, Gage was chairman of the National Youth Front (NYF), a far-right organization that's goal, according to Gage was "declaring our freedom from this oppressive, anti-white, globalist government that has been slowly subverting our country since the 1960's."

## Neo-Nazi group 'defends' white privilege

Laney Ruckstuhl April 15, 2015 Campus, News, Top Stories 9 Comments

A neo-Nazi group is targeting Appalachian State University and "defending" white and Christian privilege with a campaign called Bully Boards.

The National Youth Front, a wing of the white nationalist American Freedom Party, first plastered posters in one of the expression tunnels on Appalachian's campus Tuesday, following the Forum on Privilege hosted by the university Monday night, which featured six faculty members who discussed the idea of privilege in an attempt to educate the student body.

The boards have received national attention since one was posted in East Residence Hall by resident assistant and senior political science major Reginald Gravely. The board, which asked students to "check" their privilege, received coverage from the online publications Campus Reform and Young Conservatives before the story was eventually picked up by Fox News.

The bulletin board was defended by University Housing, which refused to take it down and has been holding meetings in residence halls to educate students. Similar bulletin boards have also been posted on campus, such as one titled "Unpacking Christian Privilege," which was vandalized in a residence hall shortly following its posting.

Chief Diversity Officer Bindu Jayne said in an email that the posters show a sharp contrast with the environment of the forum held the night before.

"Students, understandably, are angry, fearful and upset

## GROUP THAT POSTED ANTI-IMMIGRANT, ANTI-ISLAMIC POSTERS ON ASU'S TEMPE CAMPUS SPEAKS OUT

By Jessica Suerth | February 8, 2015 | 3:29pm MST

The [National Youth Front](#) has flown under the radar until [anti-immigrant posters calling for declaration of war](#) were posted around the Tempe campus.

Angelo John Gage, a 30-year-old former Marine, is the Chairman of the National Youth Front, which describes itself as an “elite youth organization dedicated to the preservation of all white people, including their nations and cultures across the globe.”

Gage said the mission of the organization is to prepare them to be tomorrow’s leaders, capable of confronting those who wish to deny them a safe future.

“Our mission is to inspire, train and educate the youth of today so they are capable of becoming the competent leaders of tomorrow and confront anyone who wishes to deny a safe future for our people,” Gage said in an email.

Before Gage joined the National Youth Front, he ran for Congress in New Jersey in 2014, under the [American Freedom Party](#). The American Freedom Party is “a new and dynamic grassroots political organization which is dedicated to building a powerful pro-American political party to challenge the powers that be,” according to its website.

However, Gage clarified they are not declaring war against minority groups, but freedom for themselves from the government.

“The National Youth Front is not declaring war on anyone,” Gage said. “Instead, we are declaring our freedom from this oppressive, anti-white, globalist government that has been slowly subverting our country since the 1960’s and has been actively destroying all of Western Civilization since (World War I).”

Gage said although he believes every legal citizen has the right to live and thrive in the United States, this country was founded by a majority of white people, who have shared their country with only a small minority of non-whites until recently.

“What most people fail to realize is that if you change the racial demographics of a nation, whether through legal or illegal immigration, everything else changes with it,” Gage said. “When white people become a minority in the United States, everything from our culture to our language, holidays, social mores, and values will change. Essentially this means that Western Civilization as we know it in America will cease to exist.”

As an example, Gage illustrated a scenario that depicted hundreds of millions of “white” people immigrating to China, causing the Chinese to lose their culture and identity.

“This scenario is exactly what has been happening over the last several decades since the globalist usurpers passed laws that totally altered America’s immigration policies which ended up drastically altering the demographics of this country,” Gage said.

“The white population today is around 60 percent, which amounts to a 30 percent decrease in only 50 years! This isn’t just happening in America, but in all countries that were founded by white people around the world.”

In 2016, Angelo started creating racist videos on YouTube, discussing topics such as "anti-racist is a code word for anti-white", "diversity is white genocide" and making videos with titles like "Make Whites Great Again".

## Angelo John Gage – Make Whites great again

OCTOBER 22, 2019

As a clout chaser & opportunist, he soon realized that white supremacy is a losing strategy & after Trump's victory moved on to "ethno-nationalism" and populism. Ironically, he then stated that he's going to "get away from this internet bull\*\*\*\*" and get into local politics.

4/16

These cyber-cucks also like to talk about war, but 99% of them have never actually been to war, nor do they really want to fight in one, and yet these daydreamers can't wait to for fight in THE GRAND RACE WAR. These retards don't realize that real war isn't a video game and casualties go both ways. And for those of us who have actually gone to war, these disrespectful scumbags have no qualms to bash you and the disabilities you have for actually being in a real war. These are the "honorable Aryans" on the internet; "Aryans" behind an avatar telling real men and women out there who have families, who have an actual life, and are respectable people, that they are shells or Mossad agents stealing money and whatever other conspiracies they come up with, while most of these assholes are people who actually have a criminal record themselves.

Let these losers talk in circles; that's all they have been doing for 60 years and that's all they'll continue to do. The time has come for REAL people to get serious; standing behind a real populist message where activists won't be afraid of losing their jobs; one that won't keep them stuck on a computer talking to – who I now call 'avatars' – and other hobbyists that have no strategies at all. We need a REAL strategy that can actually be APPLIED TO THE REAL WORLD. Donald Trump has shown us all just how effective an all-compassing populist message can be, but these internet LARPer rather hide behind avatars pushing their losing message than ever do anything in the real world.

As for me, I'm going to get away from this internet bull\*\*\*\* and eventually get into local politics. I'm also going to focus my time on building a new media platform independent from the enemy's and help our men become great again. It's not going to be for losers on the internet who never intend on doing anything; it's ONLY going to be for people who are SERIOUS, who understand we aren't going to win anything by jerking around on Twitter or Facebook. We will only devote our time and energy to those who will appreciate the work of men who realize that the only way out of this mess is building ourselves back up as individuals, and then destroy our enemies with a winning political strategy that can be applied to our world today, and not some fantasy world that doesn't exist.

He admired Trump's way to "attract broad support from Americans through a simple, hard-hitting and emotionally appealing style," and tried to distance himself from racist and antisemitic views as he realized that it would prevent him from getting political power.

Angelo John Gage - Making Europeans Great Again  
April 27, 2016

Angelo John Gage is a political activist who is fighting against Marxism in all its abominable forms. A former US Marine, Gage went on to graduate from the International Center for Positive Change and Hypnosis as a NLP (Neuro-Linguistic Programming) Master Practitioner and Conversational Hypnotist. Angelo helped found and was Chairman of National Youth Front during 2015. He is now concentrating on making our men great again with Resurgence Media Network.

The **filmed version** of this interview is available for Red Ice members.

Angelo returns to R3F to talk about joining forces with RMN and to fill us in on some of the events that prompted a major shift in his political activism. Gage says the truth alone is not enough to get the masses motivated and he explains how he is using his NLP and life-coaching knowledge to focus on a winning strategy that will inspire people to recognize the enemy within instead of blaming external factors for society's shortcomings. We discuss effective ways to deliver this message and positively promote the Nationalist movement, and Angelo highlights the main points addressed in his Full Spectrum Dominance strategy. He touches on the troubles with truth seekers getting ensnared in the Jew trap, and we look at how to restore natural order for Europeans by rediscovering roots and embracing Identitarian ideology. We get into Trump's pull to White interests and his ability to attract broad support from Americans through a simple, hard-hitting and emotionally appealing style. Then, we weigh up the negative stereotypes that have arisen out of the White Nationalist scene, and Angelo lays out what the Alt Right movement can do to counteract the race baiting game being fueled by "Semitic sorcerers." Later, we look at the feasibility of White secession and Pan-European nationalism considering the vast ethnic diversity that exists within the West. At the end, Gage illuminates the motivating force behind RMN – a return to traditionalism headed by strong men working together towards practical solutions for the future of Europeans.

In 2020, he published a blog post titled "My Journey In and Out of the Rabbit Hole of Racism," still being a rabid racist but now calling it "trait realism," while defending eugenics, antisemitism and opposing non-white immigration.

## My Journey In and Out of the Rabbit Hole of Racism.

There was a time when I had no idea race was even a concept; I only knew of the colors and names used to categorized people in our society based on how they looked. I also believed, like most people, that race was just skin deep. There was a time when I didn't even know what an Italian was—I thought anyone whose last named ended in a vowel was Italian. It wasn't until I was 28 years old when I learned the supposed "truth" about "race" from people who refer to themselves as "race realists."

How I came to learn about this idea is another story of its own, but I'll give a brief history.

Basically, every narrative Gage spreads is revolving around Jews. He claims that the fabricated Russian text "The Protocols of the Learned Elders of Zion" is real. His X/Twitter feed mostly consists of anti-Semitic content and his criticism of Zionism.

@Lucas\_Gage\_

I don't think Jackson is controlled; he's a young guy who really likes Putin. What everyone should notice, is another Jew on the other side of the war. So even Russia is being pushed into war by Jewish influence.

On the US/NATO side: Zelensky, Kolomoisky: Jews.  
Nuland, Blinken: Jews.

The trope is Jews fund and are both sides of the war, and yet here we see them doing just that. Are we supposed to pretend we don't?

And who dies? White Christians.  
Who benefits and profits? Jewish BlackRock and friends.

Fact:

Jewish lobbies and financiers pushed Europe and America into WWII. Hitler lobbied for peace several times, not only to Poland, but to the United Kingdom. His "invasion" of Poland was response to the genocide of Germans in the Danzig. This is similar to Putin's military action in Ukraine: Putin's hand was forced after all of his attempts were ignored by the UN and the West of the ethnic cleansing of Russian-speaking people in the Donbass region. This provocation against Russia, crossing literally every red line the Russians have warned about for *several decades*, is intended to lead to WWII, as it is literally the same script being used by these supremacists.

Because Churchill was a drunk traitor, bought and paid for by Jewish money, he refused every single peace proposal from Germany and lead Europe into this unnecessary war. Zelensky is the Jewish version of Churchill in Ukraine, put in power by Jews, taking Jewish money from Nuland, Blinken and US tax dollars, and refusing all peace proposals from Russia, since day one. He intends to let Black Rock (Jewish) rebuild the nation he is intentionally destroying.

You were taught WWII ended in an Allied "victory," but look happened to the Allies' countries afterwards: The British Empire was destroyed; most of Europe has been completely subverted by Jewish Globalism; and America has become the most degenerate, laughing stock of the planet, thanks to Jewish Cultural Marxism.

You call that a victory?

The only people who actually won the WWI and WWII were the Jewish lobbies and financiers who started it; they got Israel as promised to them from the British, while simultaneously weakening all their ancient Edomite enemies (Europeans) to the state we see ourselves in.

If the good guys actually won WWII, then why is everything literally the opposite of good?

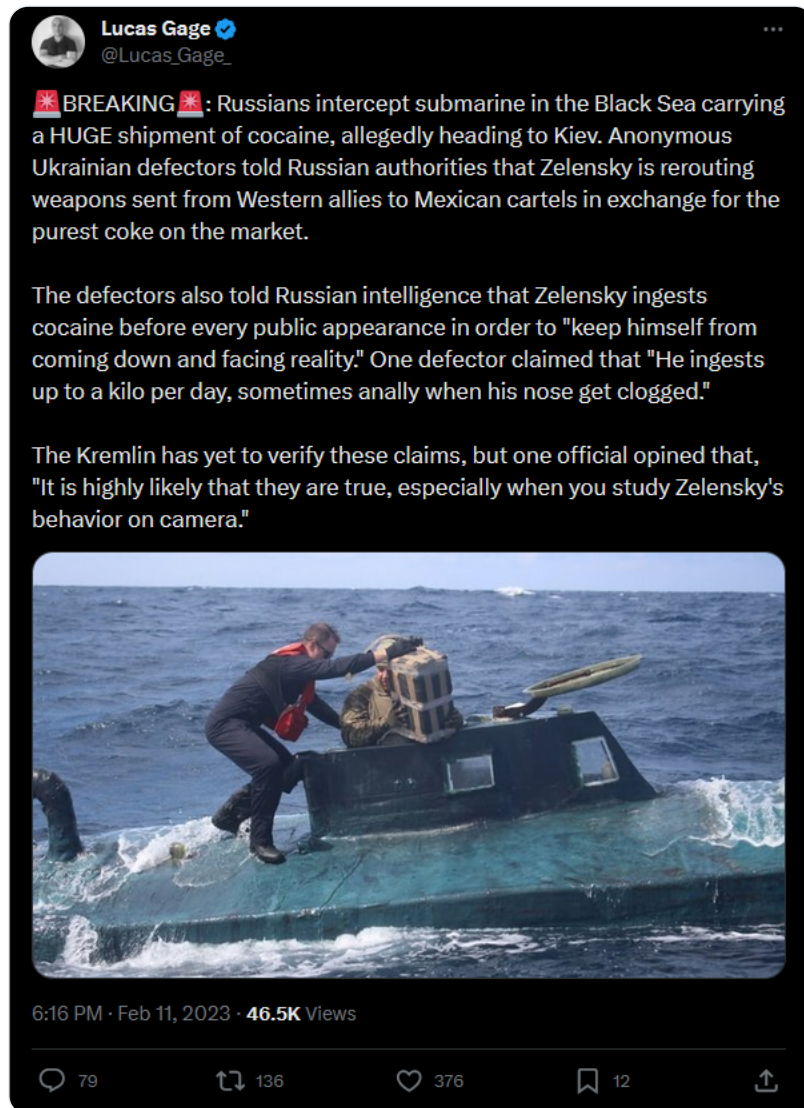

If you accept that you were lied to about the "War on Terror," why would you think they didn't lie to you about every single war before it? It's the same people starting these special-interest wars since WWI.

**WAKE UP** and stop being afraid to accept it.

In Feb 2023, Angelo tweeted that Russians had "intercepted a submarine in the Black Sea carrying a HUGE shipment of cocaine," then claiming that Zelenskyy reroutes military aid to Mexico in exchange to cocaine, and that Zelenskyy himself uses the dope.

According to him, "Jewish Supremacist are the MAIN DRIVER behind the Ukraine/Russia war." He's also spread the lie that the casualties are 7:1 in favor to Russia and that the US has "jihadist assets pulled from Syria" to assist Ukrainians with their defense.

If you believe Russia would strike #Zaporizhzhia & not Ukraine who:

Lied about Ghost of Kiev, Bucha, & Poland missile incident;  
Truck-bombed Crimea Bridge;  
Assassinated Daria Dugina & Vladlen Tatarsky;  
Blew up Nord Stream & Kakhovka Dam;

then you're too far gone to wake up.

When you do enough research into it, you'll find Jewish Supremacist are the **MAIN DRIVER** behind the Ukraine/Russia war; leading humanity into a possible third world war, where Whites, who are the majority of the military in this conflict, will send their best to die on the front lines.

Jewish Supremacists in the West, have worked 24/7 to destroy the fabric of society, weakening it across the board: economically, morally, and even physically. They are strengthening the Eastern side, Russia/China, who will be more than happy to become their World Police, believing (and rightfully so) it is their moral duty to crush the degenerate West's neoliberalism. In fact, Westerners have become so demoralized, they are more than happy to get crushed, thinking Russia/China will save them.

They won't.

This is the classic divide and conquer technique played by interrogators: good-cop-vs-bad-cop.

BRICS, which everyone is claiming is going to free us from the Global Financiers, *is just another form of Global Finance*. What has changed? Nothing.

Africa is being freed! Yay! But is it? We'll see. You think Putin and Xi are helping Africa out of the kindness of their hearts? Only time will tell. I'd hope so, but I doubt it.

This is why I said yesterday, even the anti-War scene is kosher as fuck. What we need is a global war against global finance, *banning interest and usury from practice all over the world*. If it even exists in **ONE** place, it would be as foolish as removing cancer from one part of your body, but letting it flourish in another part. I only knew a few "isms" that outright banned usury, and none of them started with "Juda."

He's also attacked the "Kyiv regime" and called for Ukraine to "kick out Zelensky and all the parasites" and stated that "I want Russia to feel secure at its borders." Angelo's also falsely stated that Zelenskyy refuses to have peace negotiations:

In today's [#vatniksoup](#), I'll talk about peace negotiations. There's a common misconception that only Russia wants peace and Ukraine wants to keep on fighting "until the last man", but of course this is far from the truth.

Naturally, he's called Zelenskyy Israeli asset, suggesting that he'll eventually flee to Israel after "Ukraine falls". He claims that Zelenskyy and his leadership takes orders from US/NATO and that he doesn't "give a shit about Ukraine."

In Jul 2023, he was a guest on RT.

They Kiev regime already fucked their own country up, taking orders from US/NATO, because the traitors at the top. When Zelensky was going to sit down for peace, Boris Johnson paid him a visit... you don't get what is happening at all.

Probably because Zelensky is an asset of that great nation we call Israel. We can be certain, when Ukraine falls, he will flee there, along with his puppetmaster, Ukrainian-Israeli billionaire, Igor Kolomoisky.

Angelo is also trying to connect the situation in the Middle East to the war in Ukraine, by sharing a conspiracy theory called The Heavenly Jerusalem Project. It's a fake narrative over the plan to reduce the native Ukrainian population and replace it with Jewish settlers.

Angelo has legally changed his name to Lucas Gage and is now using this name on X/Twitter and YouTube. He's probably trying to wipe his past as a raging neo-Nazi and participating in far-right organizations in the past.

Before 7 Oct 2023, Gage's account went mostly unnoticed. After Hamas' terrorist attack against Israeli civilians, Angelo started promoting posts around the #GazaGenocide hashtag, gaining over 100 000 followers in one month. He's posted about the "evil Zionists" and a...

Goyim are mentally inferior to Jews and can't run their nations properly. For their sake and ours, we need to abolish their governments and replace them with a single government. This will take a long time and involve much bloodshed, but it's for a good cause. Here's what we'll need to do:

- Place our agents and helpers everywhere
- Take control of the media and use it in propaganda for our plans
- Start fights between different races, classes and religions
- Use bribery, threats and blackmail to get our way
- Use Freemasonic Lodges to attract potential public officials
- Appeal to successful people's egos
- Appoint puppet leaders who can be controlled by blackmail
- Replace royal rule with socialist rule, then communism, then despotism
- Abolish all rights and freedoms, except the right of force by us
- Sacrifice people (including Jews sometimes) when necessary
- Eliminate religion; replace it with science and materialism
- Control the education system to spread deception and destroy intellect
- Rewrite history to our benefit
- Create entertaining distractions
- Corrupt minds with filth and perversion
- Encourage people to spy on one another
- Keep the masses in poverty and perpetual labor
- Take possession of all wealth, property and (especially) gold
- Use gold to manipulate the markets, cause depressions etc.
- Introduce a progressive tax on wealth
- Replace sound investment with speculation
- Make long-term interest-bearing loans to governments
- Give bad advice to governments and everyone else

Angelo most probably does all this for attention and money. His book, "Thoughts and Reflections on Life", looks like 1 dollar store version of Marcus Aurelius' Meditations. As is tradition, his angry and racist tirades have also been monetized by Elon's X.

### Angelo John Gage, infamous white nationalist, is into the human potential movement — and what it can do for racists

When he isn't making YouTube videos warning of "white genocide" or leading his youthful band of white nationalists on to college campuses to protest, among other dark fantasies, the Marxist takeover of American higher education, Angelo John Gage is on the lookout for clients who have problems with

"[n]egative emotions, stress, uncontrollable urges/behaviors, anxiety, irrational fears/phobias, traumatic memories, anger, resentment, weight, smoking cessation and much more."

At 31, Gage, a former Marine and failed congressional candidate from New Jersey, is the chairman of the National Youth Front, the youth wing of the radical-right hate group, American Freedom Party.
